

## STOPR 2024-25 Year End Message

**Attention: All Schools**

**Date: June 18, 2025**

**From: Student Transportation of Peel Region**

**REGARDING: 2024-25 Year End Message**

The 2024-25 school year is coming to an end and STOPR would like to thank all of our school administrators and staff for another successful year. We are so grateful to be working with you and appreciate your continued support of STOPR, and dedication to all the students that we serve.

STOPR will be working throughout the summer preparing transportation services for September and below are some reminders for the upcoming 2025-26 school year.

**Student Information for September 2025:**

Bus routes for the 2025-26 school year will be distributed to the bus companies in mid-August 2025. At that time, bus drivers will have an opportunity to complete dry runs and become familiar with their new bus route. For this reason, students must be entered into the Student Information System with the correct school, grade, program and home address, **by June 30, 2025**. This will ensure that STOPR receives the correct student information in our download process, and we will be able to assign busing throughout the summer. Any students who are not in the Student Information System by June 30, 2025, may not be assigned to transportation for the first day of school. Please ensure that all student information is up to date prior to June 30, 2025.

**BusPlanner Web school and parent portals (BPWeb):**

**BPWeb** school and parent portals are not active during the summer. **BPWeb** school and parent portals will be open and available for viewing beginning Monday August 25, 2025.

At that time, schools will have access to all their bus runs and student manifests for the 2025-26 school year. Also, parents will be able to create an account or log in to their existing account to see their personalized student transportation information.
